

November 2012 Meeting Minutes

7:00 PM: Roll Call

Cruikshank, Dawson, Fields, Harvey, Hiester, Iverson, Mahoney, Morris, Rimbo and Tonda present.

Review and Approve Agenda: Passed.

Approval of Minutes: Passed. Add Tonda to October's attendance as she was a part on Tara's phone.

Action Items: Still in need of several month's minutes on our website. Steve Hiester will contact Marissa as to the status of our Train Show Grant Application.

Council Business

- This year's train show seemed to be a great success. There were many displays, around 500 people attended, and we made costs with approximately \$800 to use on council business. We are very thankful to Rock Creek Sports for their support in the form of free use of the very clean facility.
- Council discussed costs it may incur in the next year.
- Council discussed question refinements to the next survey, to be issued as soon as possible.
- Peter Rimbo reported that our comments concerning the application by King County Council member Jane Hague's Striker Amendments R-1 and N5a had been forwarded to the council.
- Peter Rimbo reported on current status of the YarrowBay Master Planned Development in Black Diamond. On August 31 the City of Black Diamond issued a Mitigated Determination of Non-Significance (MDNS) for Phase 1A (PP1A) of the proposed MPDs. The MDNS means that given some additional mitigation, no further environmental review (i.e., Environmental Impact Statements) is required and the project can proceed through permitting. On November 1 - 3 PP1A Hearings were held before the City of Black Diamond's Hearing Examiner. Area Council members testified as individuals on transportation and other impacts.
