## Local Services Initiative—What do you think?

*King County is meeting with communities throughout unincorporated King County to talk about the local services initiative and the organization of local services in a new department. We want to hear from you! These questions are just the beginning of a new dialogue with unincorporated residents.*

- ◇ **Name three positive connections to, or services provided by King County in your community.**
- ◇ **What are the top three challenges or issues your community faces and, how can King County help resolve them?**
- ◇ **How can the proposed Department of Local Services be most successful in working with your community?**

*Over please...*

- ◇ **Your email if you would like to hear about and connect with the new Department of Local Services directly:**
- ◇ **Are there any other issues that affect Unincorporated King County residents that you think King County should consider?**
