Introduction:

Rimbos explained that on June 8, 2020 we submitted a set of comments on the KCCP Mid-Point update, that same day SEPA came out. We had extra time to review SEPA and expand on our comments from June 8, 2020. This addendum is to address SEPA and what is and not in SEPA. It has been 26 years since the last SEPA analysis, EIS will be 30 years old by the 2024 8-year update.

At the Suggestion of Harvey, Rimbos provided a brief description on what was in each section of the draft addendum letter. Each section was open for discussion, in doing so there were several edits for correcting spelling and grammar.

Following an extended discussion period, the following Motion was offered:

Motion: Haynes- Move to approve the addendum to the KCCP Mid-Point Update letter with corrections discussed. Second: Iverson. Approved – Unanimous.

Chair Hiester Adjourned the Special Meeting at approximately 9:01 PM.
